**MDMS Implementation Plan and Corrective Action Executive Report
(HEC YPR Format)**

Based on the 2024–2025 MDMS implementation plan, this executive report summarizes corrective actions and implementation strategy aligned with HEC YPR requirements.

Area	Finding	Corrective Action	Timeline	KPI
Curriculum	Curriculum alignment needed	Revise curriculum through CRC/BOS and align with HEC credit hours	6 months	100% approval
Infrastructure	Equipment/library gaps	Procure equipment and expand e-resources	2–9 months	≥80% satisfaction
Student Support	Need structured advising	Establish advising and wellness services	4 months	≥85% satisfaction
Governance	Delayed BOS approvals	Regular BOS meetings and approvals	3 months	100% approvals
Faculty Development	Limited CPD	Annual workshops via DME/QEC	12 months	90% planned trainings

Executive Summary

The MDMS program implementation plan focuses on curriculum quality, governance, infrastructure, student support, faculty development, and continuous monitoring.

Quarterly monitoring by QEC and annual audits will ensure implementation of corrective actions and continuous quality improvement in accordance with HEC YPR standards.

EXECUTIVE REPORT

Internal Audit of All MDMS Programs

HEC Yearly Performance Report (YPR) 2025–2026

Executive Summary

The Quality Enhancement Cell (QEC) conducted an internal audit of all MDMS programmes to evaluate compliance with HEC quality assurance requirements, PM&DC regulations and institutional policies. The audit reviewed governance, curriculum, faculty, assessment, research, clinical training, infrastructure, student support and documentation. Overall compliance was satisfactory with opportunities for improvement in documentation, CLO–PLO mapping, KPI monitoring and research tracking.

Objectives

- Evaluate compliance with HEC standards.
- Assess implementation of curriculum.
- Review faculty, research and clinical training.
- Identify gaps and recommend corrective actions.
- Promote Continuous Quality Improvement (CQI).

Audit Scope

All MDMS programmes, governance, curriculum, faculty, assessment, clinical facilities, laboratories, research, student support services and quality assurance documentation.

Methodology

Desk review, departmental visits, interviews, evidence verification, classroom/clinical inspections, review of feedback and compliance checklists.

Major Findings

Qualified faculty and structured clinical training were observed. Departmental committees were functional and learning resources adequate. Improvements are required in documentation, research monitoring, mentoring records, KPI dashboards and outcome mapping.

Corrective Actions

Standardize departmental records; update CLO–PLO mapping; strengthen CPD; implement quarterly KPI monitoring; improve research publication tracking; strengthen mentoring and logbook verification.

Implementation Plan

QEC to circulate findings immediately; departments to submit CAPs within one month; quarterly monitoring; six-month follow-up audit; annual review by Academic Council.

Implementation Matrix

Area	Action	Responsible	Timeline
Governance	Maintain meeting minutes and ATRs	HODs	Immediate
Curriculum	Update CLO–PLO mapping	Departments	2 Months
Research	Quarterly monitoring	Research Committee	Quarterly
Quality	KPI Dashboard	QEC	Quarterly
Audit	Follow-up audit	QEC	6 Months

Continuous Quality Improvement (CQI)

The Quality Enhancement Cell will monitor implementation through:

- Quarterly progress reviews.
- Departmental performance dashboards.
- Corrective Action Plan (CAP) monitoring.
- Follow-up internal audits.
- Student feedback analysis.
- Faculty performance review.
- Annual program evaluation.
- Report to the Vice Chancellor and Academic Council

Conclusion

The MDMS programmes substantially comply with HEC quality standards. Implementation of the recommended corrective actions will further strengthen governance, documentation, research performance and continuous quality improvement.
